

REQUEST FOR DRIVE ACCESS

Gravel Road Drives:

1. For 2-4 residences using one drive entrance, the drive will have a gravel surface at the entrance with a 24' throat width extending 50' from the centerline of the roadway with a 15-20' radius on the outlet side and a 20-25' radius on the inlet side of the drive.
2. For 5+ residences using one drive entrance, the drive shall be constructed to meet commercial drive standards.

Paved Road Drives:

1. For 2-4 residences using one drive entrance, the drive will have a paved surface at the entrance with a 24' throat width extending 50' from the centerline of the roadway with a 15-20' radius on the outlet side and a 20-25' radius on the inlet side of the drive.
2. For 5+ residences using one drive entrance, the drive shall be constructed to meet commercial drive standards.

The name & address listed on request for drive access should be the same info that will be on the check paying for it.
